# SOUVENIR 19922

## THE SOUVENIR

VOLUME II

Nineteen Hundred und Imenty-two

PUBLISHED BY

THE SENIOR CLASS

OF THE

Reidsville High School

Reidsville, N. C.

### FOREWORD

In this volume of The Souvenir, it is our aim, by pictures, sketches, and literary illustrations, to portray the life at Reidsville High School. We hope the readers will like the reflections as we like the life.

## FLORENCE ANDERSON

DIED

**APRIL 14, 1922** 

Digitized by the Internet Archive in 2012 with funding from University of North Carolina at Chapel Hill

the Senior Class of 1922, dedicate this the second volume of "The Souvenir" to our beloved teacher,

## Miss Janic Suc Staccy

who has held our room, been our Adviser and Friend, and Girls' Athletic Director for the past three years

EDITOR-IN-CHIEF

STAFF AT WORK

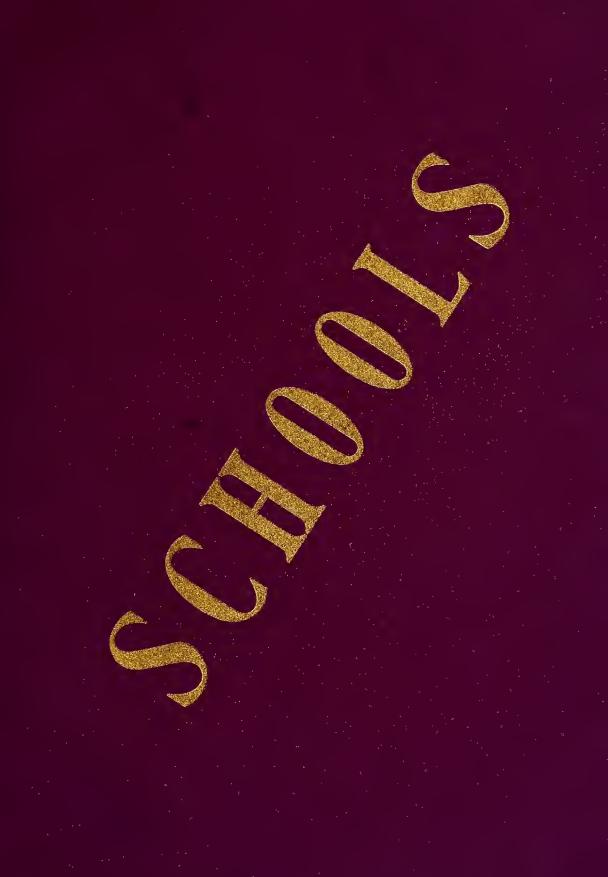

#### In Behalf of the Staff

Here's to the toiling Annual Staff,
We did our level best,
And tried not to do the thing by half.
Or waste our time in jest.
We worked by day, we worked by night,
We thought and talked and wrote,
We feared the book would be a sight—
(It nearly got our goat.)

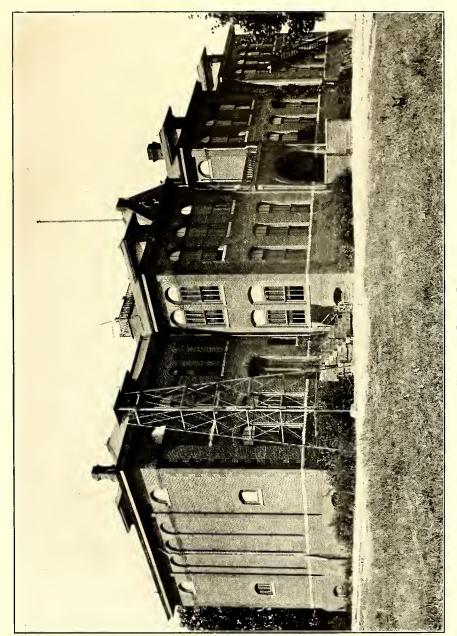

We tried to place each cut and ad,
And even every name,
So that the thing would not look bad,
For this is part of the game.
And so at last this book is done;
The titles written neat.
We checked the pages one by one
And saw it was complete.

Now, if we make some small mistake,
Don't blame it on the Staff,
Just try to overlook the break,
And please don't jeer or laugh.
In case you think it a success,
And think the work done well,
Just thank Miss Stacy's thoughtfulness,
And give the Staff a yell.

### Achievements—High School

HE HIGH SCHOOL enrollment for 1921-22 is 200; an increase of approximately 11 per cent in the last year. Because of this the Faculty has increased from seven to nine. Two county schools consolidated with our city schools, thus making an increase in every grade. Not only does this give them the advantage of better schooling, but also interests many gram-

mar school graduates of the county to come into Reidsville High on the school 'bus, instead of dropping their education there. This arrangement is not permanent—merely on trial.

This year, as last, we attained the standard by being on the list of accredited schools of the Association of Colleges and Secondary Schools of the Southern States. The arrangement for the four-year high school course which was necessary because of the addition of a grade has now been completed, so that a graduate of this High School will have no condition in entering any college in the South.

A steady improvement has been shown in the music culture, due to the efficient supervision of Mrs. Francis Womack. Regardless of lack of study hall, great progress has been made. Plans are now being made for the musical part of the Commencement exercises which her class will render.

In spite of the adverse conditions under which the Athletic Associations have labored their records have been exceptionally successful. Not until after Christmas did they succeed in obtaining an indoor court for basket-ball, and all standard branches of physical culture are planned for next year's course.

The city voted \$300,000 bonds for a new High School building. The bonds were sold December 23, 1921. The premium on the bonds amounted to \$10,700. The land adjoining the Franklin Street School has already been purchased for the site, and plans for a new, modern High School have been accepted. The building is to be completed by the fall of 1922.

The perfect attendance of the entire enrollment of the High School for the fall term of 1921 has been 23 per cent. This has accounted in large part for the long scholarship honor list this year. Those on the honor roll making a grade of from 95 to 100 were as follows: Estes Millner, Bertha McCollum, Ruby Smith, Margaret Fels, Lois Lively, and Elizabeth McGehee. The others on the honor roll made an average of between 93+ and 95. Their names follow: Benton Pipkin, Catherine Gardner, Zora Foy, Susie Sharp, Louise Tesh, Maude Griffin, Margaret Lee Millner, Helen Newell, Loula B. Clarke, Elizabeth Stocks, Burch Lively, Berrie Williams, Virginia Butler, Dillard Gardner, and William Butler.

A splendid spirit of cooperation exists between the Faculty and the student body. The pupils have realized that dishonesty does not pay and that it hurts the individual, the class, and the reputation of the entire High School. This realization has caused the development of a high system of honor, which is the only salvation of a school.

## Public School Music for Sight Singing and Music Appreciation

HIS SCHOOL has been greatly benefited by the Public School Music Course which Mrs. Francis Womack has so graciously taught for the past eight years. Not only are we able to get up musical programs quickly but we have also learned to recognize and sing good music.

It is taught as a regular course in all grades once a week, but the High School studies in a body.

Three special groups: (1) Double Trio, (2) Mixed Quartet, (3) Male Quartet, and a Chorus Choir have been made up of the best voices. A concert is given in the middle of each year by these groups and the music for the baccalaureate sermon and the Commencement exercises is rendered by them.

FRANKLIN STREET ELEMENTARY SCHOOL FACULTY

## The Creed of The True Teachers

We believe in boys and girls, the men and women of a great to-morrow; that whatever the boy soweth the man shall reap.

We believe in wisdom, as revealed in human lives as well as in the pages of a printed book; in lessons taught not so much by precept as by example; in ability to work with the hands as well as to think with the head; in everything that makes life large and lovely.

We believe in beauty in the schoolroom, in the home, in daily life, and in and out of doors.

We believe in laughter, in love, in faith, in all ideals and distant hopes that lure us on.

We believe that every hour of every day we receive a just reward for all we are and all we do.

We believe in the present and its opportunities, in the future and its promises, and in the divine joy of living.

MRS. JOHN WATLINGTON Vice-President	

#### AIMS OF THE ASSOCIATION

- 1. To raise the standard of home life. To develop wiser, better trained parenthood. To give young people ignorant of the proper care and training of children opportunities to learn this, that they may better perform the duties of parenthood.
- 2. To bring into closer relations the home and the school, that parent and teacher may cooperate intelligently in the education of the child.
- 3. To surround the childhood of the whole world with that loving, wise care in the impressionable years of life, that will develop good citizens, instead of law-breakers and criminals.
- 4. To rouse the whole community to a sense of its duty and responsibility to the blameless, dependent, and neglected children, because there is no philanthropy which will so speedily reduce our taxes, reduce our prison expenses, reduce the expense of institutions for correction and reform. The work of the Congress is civic work in its broadest sense, and every man or woman who is interested in the aims of the Congress is cordially invited to become a member and aid in the organized effort for a higher, nobler, national life, which can only be attained through the individual homes.
- 5. To carry the mother-love and mother-thought into all that concerns or touches childhood in the Home, School, Church, State, and Legislation.

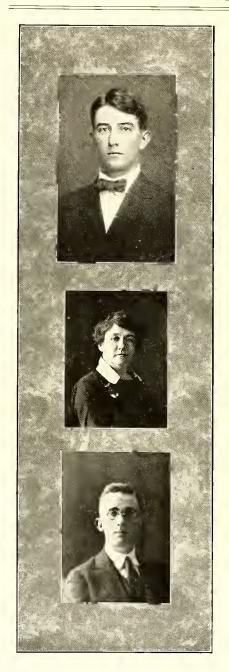

"One generation, one entire generation, of all the world of children UNDERSTOOD as they SHOULD be, LOVED as they ASK to be, and so DEVELOPED as they MIGHT be, would more than begin the millenium."

SPONSOR

Tom Rankin, Jr.

VIRGINIA CAROLINA ALLEN
"JINKS"

Age 17

"When pleasure and duty clash Let duty go to smash."

Athletic Association (1, 2); Varsity Basket-Ball (1); I. L. Society (1, 2, 3, 4); Old Originals; Double Trio (3); Mixed Quartette (3); French Club (4); Ukulele and Guitar Club (4); Bobbed Hair Club (4); Secretary and Treasurer; A. N. S. Club (3, 4).

In all her various studies, Virginia's line, which she practices most, is the best; and many a man has she "roped in" with it. Another occupation is keeping up with the styles of "Gay Paree," which she does with exceeding taste. Virginia is a sport, so long as too much work is not involved, but the movies are a great attraction to her.

EDWARD MOORE ANDERSON

"MISS ANDERSON"

#### Age 16

"He that tooteth not his own horn, the same shall not be tooted."

Athletic Association (3, 4); Varsity Basket-Ball Squad (4); Class Basket-Ball (4); Senate—New Hampshire (3); French Club (4).

"Miss Anderson," who enjoys all of the privileges of a girl, is famous for his graceful pitching and home runs, in fact, he is another Babe Ruth(?) Yet he has done a man's job selling candy for the benefit of the Annual.

FLORENCE ELIZABETH ANDERSON

"Patient to perform."

Athletic Association (3); Irving Literary Society (3, 4); French Club (4); Ukulele and Guitar Clubs (4).

Florence joined us in the Junior year after she had learned all one could at Wentworth. She is one of many who ask numerous questions in geometry class, but she asks to learn and not to waste time, for she is very studious.

#### JULIA HASTINGS BROOKS

Age 18

"Hath thy toil e'er consumed the midnight oil,"

Athletic Association (2, 3, 4); Class Basket-Ball (3, 4); Irving Literary Society (1, 2, 3, 4); Press Reporter (4); French Club (4); Tennis Club (4); Social Editor The Souvenir.

On January 27, 1922, Julia was given a much-needed hairnet for not crying on mid term exams. Any time from five minutes before until five minutes after bell, Julia has been known to race into the room half out of breath, yet enough left to say her usual witty remark. Julia is also gifted in talking.

PATTIE BROWN

"Thy modesty is a candle to thy merit."

Irving Literary Society (1, 2, 3, 4); Spanish Club (4); French Club (4).

To know Pattie is to like her; to find her in a bad humor is well nigh impossible. In school Pattie appears quiet and studious, and is faithful to every duty. She ranks with Mary in neatness.

FLORENCE ELIZABETH BURTON
"sis"

Age 17

"Youth is mirth."

Athletic Association (1, 2, 3, 4); Class Basket-Ball (2, 3, 4), Captain (4); Varsity Basket-Ball (1, 2, 3, 4); Vice-President Class (1); Irving Literary Society (1, 2, 3, 4); Double Trio (3, 4); French Club, Vice-President (4); Old Originals; Ukulele and Guitar Clubs; Bobbed Hair Club, Vice-President (4); Club Editor The Souvenir.

If it were not for "Sis's" "Well, good! It suits me" at moments when the teachers were "getting us told" we would have met with more tragedy than we have, but with such remarks she has cast off many dark clouds. To know Florence is to be able to understand why the indefinable word "cute" was created. She is everybody's friend, but, as a word of warning—"Don't get her mad with you." One of our best athletes.

ELIZABETH AGNES VAUGHN CARDWELL "GIRAFFE"

"A statue tall, I hate a dumpy woman."

Athletic Association (1, 2, 3, 4); Class Basket-Ball (2, 3, 4), Varsity Basket-Ball (1, 2, 3, 4), Manager (4); Irving Literary Society (1, 2, 3, 4); Double Trio (4); French Club (4); Ukulele and Guitar Clubs; Tennis Club; Athletic Editor The Souvenir.

"Giraffe" is another of our good athletes. For four years she has held the place as forward on the Basket-Ball Team. Not only in this but in everything she is a good sport. We have never been able to find out how she escapes being caught eating in school.

NELLIE LEE CARROLL Age 19

"It matters not what you are thought to be, but what you really are."

Athletic Association (4); Irving Literary Society (4); French Club (4).

Nellie came in during our Junior year. She has babyish ways and is very quiet but this only makes her all the more lovable. She doesn't have to curl her hair because she has a permanent wave by nature. Her curiosity is unsurpassable.

MARY COLEMAN

"She is well paid that's well satisfied."

Irving Literary Society (1, 2, 3, 4); French Club (4); Spanish Club (4); Uke and Guitar Clubs.

Since Mary entered High School she has shown her interest in her fellow students by keeping a memory book. She is considered the neatest girl in the class, and is one of the best workers. She is a good provider, for never has she failed the cry, "Give me a bite."

GLADYS JANE DAVIS

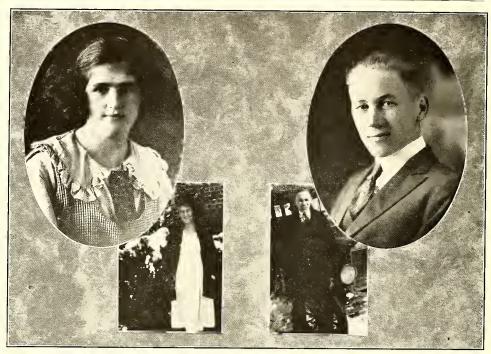

"GALE HENRY"

Age 16

"Talking, she knows not why and cares not what."

Athletic Association (1, 2, 3); Irving Literary Society (1, 2, 3, 4); French Club (4); Secretary and Treasurer; Spanish Club (4); Old Originals; Bobbed Hair Club (4); Tennis Club (2).

Gladys is known for being the biggest primp in the class. She is always hungry but every Senior is noted in this line. Her favorite saying is "How many?"

CATHERINE BLAIR GARDNER
"tick"
Age 17

"None can demand success, but she does more, she descrees it."

Athletic Association (3, 4); Class Basket-Ball (3, 4); Vice-President Class (1, 3); Secretary and Treasurer Class (1); Irving Literary Society (1, 2, 3, 4); Critic and Censor (4); French Club (4); Old Originals; Uke and Guitar Clubs; Tennis (4); Bobbed Hair Club (4); President; Honor Roll (3, 4); Editor-in-Chief The Souvenir.

"Tick," our Editor-în-Chief, is a gem. The class could never have gotten along without her. She is the kind of girl who plays basket-ball for the sport of it and not to get on the team. Whatever she starts she does well.

GARLAND KEMP GILLIE "VOODOO"

Age 17

"A witty heart and a merry one."

Athletic Association (2, 3, 4); Class Basket-Ball (2, 3, 4), Varsity (3); D. L. Society (2); Senate—New Jersey (3); Old Originals; French Club (4).

Every one stops work (?) when Garland enters the room so that they can hear him gossip, the latest news. He is forever talking of "catching air" at 60 miles an hour, but Rosetta is always included. Perhaps that is why he waits until Geometry period to study his lesson.

EUNICE OLIVIA GOODE

"A merry heart maketh a cheerful countenance."

Athletic Association (4); Varsity Basket-Ball (4); Irving Literary Society (4); French Club (4); Bobbed Hair Club (4).

Olivia did not join us until this year, but regardless of the short time she has been with us she has become an inseparable part of us. She is strong for athletics and goes at everything with the right spirit.

### MARGARET WOODLEY HANCOCK

Age 18

"She knows her own mind and so do we."

Athletic Association (3); Irving Literary Society (3, 4).

Margaret also came to us from Wentworth in her Junior year. With her generous nature she has won many friends. Virginia would lose some of her weight if it were not for Margaret's constant pour of jokes, which keeps her and every one else laughing.

ANNE MONTGOMERY HARRIS "ANNA"

"Be sure to live on the sunny side."

Athletic Association (1, 2, 3); Cheer Leader (4); Irving Literary Society (1, 2, 3, 4); Old Originals; French Club (4); Uke and Guitar Club (4); Vice President; Tennis Club (1); Class Statistician.

No doubt, Anne is the "Good Samaritan" of the class. If any one is in trouble look for her with it. Anne is an expert at cooking. She has many friends of both sexes. Anne is a living example of the saying, "Laugh and grow fat."

TEMPIE PARKER HARRIS
"TEMP"

Age 18

"Sunshine never faileth."

Athletic Association (1, 2, 3, 4); Irving Literary Society (1, 2, 3, 4), President (4); French Club (4); Uke and Guitar Club (4); A. N. S. (3, 4).

"Reg" is still waiting for his place willed him, in Tempie's car, but he will never get it as she is saving it for Buck. Because of her sweet disposition she is liked by both teachers and students. She spends much of her time working in flowers. In the last year Tempie has shown great improvement in all her studies.

WILLIAM EDWARD HAYGOOD "EDDIE"

"You can depend on him for every duty; he is as true as steel."

Athletic Association (2, 3, 4); Class Basket-Ball (4); Varsity Basket-Ball Squad (3); D. L. Society (1, 2); Senate—Florida (3); Male Quartet (3, 4); French Club, President (4).

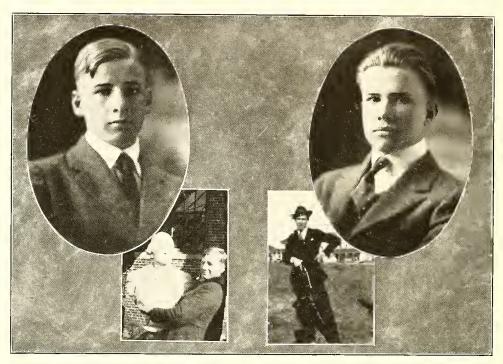

"Eddie" is an exceptional French student and a prop of the class. He is also a ladies' man. We wonder whose career "Eddie" will pattern after, Mr. Benson's or McCormick's.

#### LAWTON KALLAM Age 22

"Still achieving, still pursuing the best there is in life."

Athletic Association (2, 3, 4); Class Basket-Ball (4); Class Vice-President (2); D. L. Society (2, 3); Vice-President, Secretary-Treasurer (2), President (3); Class Poet.

Lawton, the most deserving Senior boy, is especially interested in the ladies. When any one is leaving town, regardless of their destination, Lawton always wants them to take a love message to his girl there. His choice will be one who doesn't use slang so that she will be suitable for a minister's wife.

JOHN MACARN MCBRYDE "JOHNNIE MAC"

"And still his tongue ran on."

Athletic Association (1, 2, 3, 4); Class Basket-Ball (1, 2, 3); Varsity Basket-Ball, Assistant Manager (4); Class Baseball (1, 2, 3); Varsity Baseball Squad (3); D. L. Society (1, 2); Senate—Michigan (3); Varsity Track Squad.

"Johnnie Mac's" witty and smart remarks are appreciated in the Senior Class but especially by himself. He has made a baseball record in his own judgment. He cavorts around second base, strikes out Babe Ruth and gets a hit off of Christy Mathewson. Do not think that John is conceited for he is not, in fact, he is a favorite with every one. John is another of our great hunters.

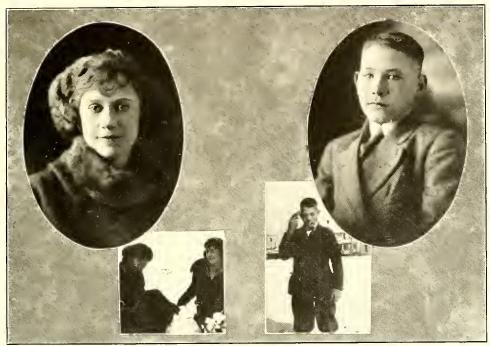

MALCOLM HUGH McBRYDE "TARZAN"

Age 17

"Behold! a modern improvement on Calhoun."

Athletic Association (2, 3); D. L. Society (1, 2); Speaker of Senate (3); Triangular Debate (3); Varsity Track Squad.

Malcolm is not content unless he is arguing. If he has an opinion he will uphold it to the last. He is also very exacting. He can discuss most any subject except women intelligently. His one aim is to become a lawyer. So far he has come up to every requirement of this pattern.

BERTHA ADELAIDE McCOLLUM "BERT"

"Let her talk and she is happy."

Athletic Association (1, 2, 4); Class Basket-Ball (2, 4); Varsity Basket-Ball Squad (1, 4); Class President (1); Irving Literary Society (1, 2, 3, 4); Double Trio (3, 4); French Club (4); Spanish Club (4); Uke and Guitar Club (4) Tennis (1, 2); A. N. S. Club (3, 4); Honor Roll (4); Literary Editor The Souvenir.

We hardly know how some of us would have graduated had it not been for Bertha's willingness to coach us during her spare moments. She has an abundance of gray matter and knows how to use it. Her favorite time for arguing is in History class, and we are always glad when "Tarzan" takes the opposite side, because then we know we will have a recreation period. Social affairs and sports are of great interest to her.

JAMES RAY MATHEWSON
"JIM"
Age 16

"Keep 'em bluffed."

Athletic Association (2, 3, 4); Class Basket-Ball (3, 4); Baseball (3); Varsity Baseball Squad (3); D. L. Society (1, 2); Senate—North Carolina (3); Triangular Debate (3, 4); French Club (4); Spanish Club (4); Radio Club (4); Government Call 4CV; Humor Editor The Souvenir.

"Jim" is the wit and humor of our class. He works more over smart things to say than he does over his lessons; yet, why should he worry, for if he has not seen his lessons he will bluff the teachers so that they each have a mental picture of "Jim" burning midnight oil.

THEODORE PRICE MATHEWSON "TEDDY"

"Exams may come, exams may go, but I go on as ever."

Athletic Association (1, 2, 3, 4); D. L. Society (1, 2); Senate—Mississippi (3); Old Originals; French Club (4); Spanish Club (4).

"Teddy" could be a banner student if he would try. Few people are able to concentrate as he does. He passed off three entrance exams in one day. Like many others he likes wine and women.

# JAMES ESTES MILLNER Age 18

"Men of few words are best."

Athletic Association (3); D. L. Society (1, 2); Senate—Maryland (3); Honor Roll (4).

Here is the banner student of the class. The teacher tells him that his knowledge in Spanish grammar equals his own. He is especially interested in the French language and he carries on a French correspondence with a well-educated Frenchman. He is not interested in women.

IDA LOU NORMAN

"Eat, drink and be merry to-day; for to-morrow ye may die."

Athletic Association (1, 2, 3, 4); Irving Literary Society (1, 2, 3, 4), Critic (2); Double Trio (3, 4); Old Originals; Spanish Club (4); Uke and Guitar Club (4).

Ida Lou enjoys good jokes and loves to "crack 'em" with Mr. Parker on Chemistry class. She spends a great part of her time making candy, but any one who has her ability of making and eating it should. She is planning a trip to the South Sea Isles so she can perfect her Ukulele stroke,

GUY RAWLINS PETTIGREW
"HICK"

Age 18

"To get by with all you can."

Athletic Association (2, 3, 4); Class Basket-Ball (3); Spanish Club (4); Band (3, 4); Radio Club (4); Varsity Baseball (4).

"Hick" is a true believer in the maxim, "Too much work is sinful," Like most lazy people he is gifted with good nature and dry wit, which make him very popular. He is more interested in wireless telegraphy than any other work.

WILLIS BENTON PIPKIN "PIP"

"Wall Street and big feet make a good foundation."

Athletic Association (2, 3, 4); Manager Varsity Baseball (4); D. L. Society (1, 2); Senate—Arkansas (3); French Club (4); Spanish Club (4).

"Pip" has many worthy characteristics. He is very deep, careful, exacting, and rather inclined to be stingy. He can discuss any subject intelligently. "Pip" asks many questions but never has to ask the same one twice.

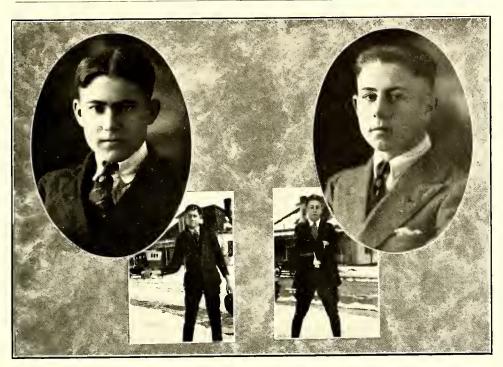

# HENRY PALMER SCHOOLFIELD "ENRIQUE"

Age 18

"To be strong is to be happy."

Athletic Association (2, 3); D. L. Society (2); Class Baseball (3); Class Baseket-Ball (3); Senate—Delaware (3); Spanish Club (4); Class Prophet (4).

"Enrique" is our big hunter. He distinguished himself also by walking three miles in fifteen-inch snow to get to school; but was it because he was anxious to get to school or get some gun shells? We do not know. It was a tie between James and Henry as to which should be Joke Editor.

HERMAN HARRISON SMITH

"Why should life all labor be?"

Athletic Association (3, 4).

Herman first christened the school trucks. He has brains galore, but won't work them unless it is positively necessary. One can depend on Herman but he never promises to do a thing unless he is sure he will be able to do it. This year he has showed a great improvement in his Math.

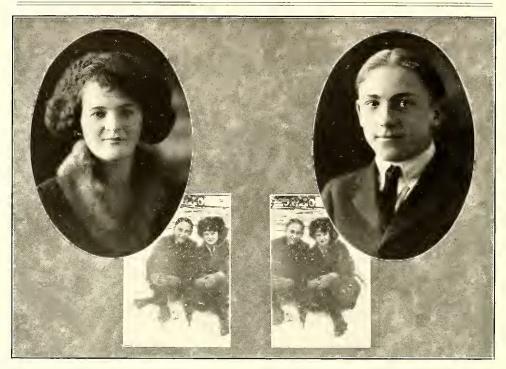

LEE THOMAS SMITH

Age 18

"To live at case and not be bound to think."

Athletic Association (1, 2, 3, 4); Radio Club (4); Band (2); Art Editor The Souvenir.

Behold, the artist and chemist of the class. He is especially interested in wireless telegraphy and will some day in the near future become famous as the inventor of perpetual motion. Lee is extremely good natured, neat in appearance, and a man of few words. He gives his Oakland good training.

RUBYE DALE SMITH "RED" Age 17

"Happy am I, from care I am free; Why can't they all be contented like me?"

Athletic Association (1, 2, 3, 4); Class Vice-President (2); Class Secretary and Treasurer (3, 4); Varsity Basket-Ball (3, 4), Captain (4); Class Basket-Ball (2, 3, 4); Irving Literary Society (1, 2, 3, 4), Vice-President (3); Old Originals; French Club; Tennis Club (1, 2); Uke and Guitar Club (4), Secretary and Treasurer; Honor Roll (3, 4); Class Historian.

Ruby, better known as "Red," has made a wonderful record in school, and the last two years she has been on the Honor Roll. So you see the reports about her burning midnight oil must be true for it is then or never that she studies, for until bedtime she is busy entertaining the opposite sex or keeping up the drug stores and confectionary shops.

REGINALD FRANKLIN SPRINKLE "REG"

Age 17

"My heart leaps up when I behold a female in the street."

Athletic Association (2, 3, 4); Class Basket-Ball (3, 4), Manager (3), Captain (4); Varsity Basket-Ball (4); Varsity Baseball (3, 4); D. L. Society (1, 2); Senate—Oregon (3); French Club (4); Spanish Club (4), Vice-President; Subscription Manager The Souvenir.

With the ladies "Reg" is a sensational hit and nothing is to blame but his winsome personality. Not only the girls, but the boys also like him. Basket-ball is his favorite sport but keeping "in training" is a "jonah" to him.

LINDA VERNON STACY
"LYNDY"
Age 17

"A perfect woman nobly painted."

Athletic Association (1, 2, 3, 4): Varsity Basket-Ball (1, 2, 3, 4), Captain (1, 2, 4); Class Basket-Ball (2, 3, 4), Captain (2); Class Vice-President (4), Secretary and Treasurer (2); Irving Literary Society (1, 2, 3, 4); French Club (4); Spanish Club (4); Tennis (3); Uke and Guitar Club (4); President Bobbed Hair Club (4); Business Manager The Souvenir.

For four years Linda has held the lead in our class for athletics. Tickling the keys is her specialty, and her spending money goes for buying ukulele and guitar strings. She is a good sport and is willing to try anything once.

#### ROSETTA CLARK TURNER

"Smile and the world smiles with you; Weep and you weep alone."

Athletic Association (1, 2, 3, 4), President (4); Varsity Basket-Ball Squad (1, 2); Class Basket-Ball (2, 3, 4); Irving Literary Society (2, 3, 4), Vice-President (½ of 3); French Club (4); Spanish Club (4).

Rosetta has two winning points, beauty, and a sweet disposition, in her favor. Her perfect, brown curls have won her the name of "Mary Pickford, the second." She has a great mind. Think what a scholar she would have been if she had put more of it on her studies and less on Garland. She is in on all athletics.

DORA WALLACE WALKER "DO-RA"

"All that I ask is to be let alone,"

Athletic Association (3); Irving Literary Society (3, 4); French Club (4); Uke and Guitar Club (4); A. N. S. Club (3, 4).

"Do-ra" is very outspoken; she believes in saying what she thinks. She goes to the picture show now from force of habit. The habit began when Watt was Manager of the Colonial. Beware of Dora! A blond vamp.

# LAWRENCE EUGENE WATT "CAGER" Age 17

"Do right—fear no man; Don't write—fear no woman."

Athletic Association (2, 3, 4), President (4); Class Basket-Ball (2, 3, 4); Varsity Basket-Ball (4), Manager (3); Class Baseball (1, 2, 3); Varsity Baseball (3, 4); Class President (1, 2, 3, 4); D. L. Society (1, 2); Senate—Kansas (3); French Club (4); Spanish Club (4); Old Original; Assistant Business Manager The Souvenir; Varsity Track Squad (4).

"Cager" is the best all-round boy in the class. This statement is verified by the fact that he has been President of our class all four years of the High School. He is a good athlete and has starred in many basket-ball games of the season. He shoots good goals, but better "lines." He has made himself famous by efficient, business-like work in the publication of the Annual.

#### ESTHER CATHERINE WAY

#### Age 17

"I put all my troubles down in the bottom of my heart, and then sit on the lid and smile."

Athletic Association (1, 2, 3, 4), Vice-President (3); Irving Literary Society (1, 2, 3, 4), Press Reporter (3); Spanish Club (4), President (3); Tennis Club (4); Old Originals.

Esther is the "Baby Vamp" and Class Novelist. She and Rosetta, because of their intimacy from childhood and their beautiful curls, are termed "The Gold Dust Twins." Her dreams are of the wild and woolly West, because in her future life she intends to cast aside her vampish ways and become the ideal wife.

#### MARTHA JANE WITTY

#### Age 17

"To say little and perform much shows the characteristics of a great mind."

French Club (4).

Martha did not join us until the Senior year but we have already learned to love her. She does not have much to say but when she does speak it is worth while to listen. She has a smile for every one and lives up to her name—"Witty."

#### ELAINE HAMRICK GOODE

Entered class in second semester.

## Class of 1922

to be made.

NE bright morning in September in the year 1911, a group of young Knights and Ladies set out in the quest of knowledge. This group of Knights and Ladies was no other than our present Senior Class.

We marched on with courageous hearts until we appeared before a large brick building, where our search was There a teacher welcomed us heartily and took us through the

beginnings of our quest.

By the time the Second Year began, some of our Knights and Ladies dropped from the group, but others joined.

The first to join us were Elizabeth Cardwell and James Mathewson, who

made life much brighter for us.

The quest thus went on. Each year we added others to our group. The Fourth Year we were glad to have Pattie Brown, Tempie Harris, and Rosetta

Turner join our "merry gang."

When the Fifth Year of the search came many new quests were made. History, Geography, Grammar, and Hygiene were subjects of daily research. It was during this year that Mary Coleman, Linda Stacey, Malcolm McBryde, and John McBryde came to us. This year the Knights and Ladies gave a grand Valentine Party to the Sixth Grade.

The next year we took into our band the Knight, Eddie Haygood, who

became our Caruso.

There was considerable change in our Company of Knights and Ladies the Seventh Year, with the arrival of Bertha McCollum and Reginald Sprinkle. Our friend, Benton Pipkin, also came strolling in.

#### HIGH SCHOOL

By this time we had made considerable advance in our quest of knowledge. It was then that we began to have a faint conception of the work that was ahead of us; in the course of a few days, however, we became reconciled to the change.

In order to vary our crowd the Freshman Year, we took in Guy Pettigrew, who was then noted for his laziness. We also found our best friend, Miss Janie Stacey, who has faithfully stood by us all during our High School years. In a few weeks, with our Class organized, we started to work in dead earnest with our goal before us.

Then came the time in our lives when the learning we had gained in our Freshman Year made us feel as if we could conquer the world; but when we waded into knowledge a little further, we found that, after all, we were just the same little wise fools that all Sophomores have been since the world began.

We needed an artist that year, so we took in Lee Smith; Henry Schoolfield and Herman Smith also came slowly in. As the Eleventh Grade was added, Mr. Gwynn gave us special permission to give a Junior-Senior Banquet, which made the bonds of friendship stronger. We also gave a reception to Mr. and Mrs. Weatherly, the new bride and groom.

After a few months had rolled by, our Class Spirit became stronger and our confidence in our Class Tennis and Basket-Ball Teams increased.

But these glorious days were over at last and we were Juniors. Our ranks were greatly strengthened by the addition of Florence Anderson, Nellie Carroll, Margaret Hancock, and Dora Walker. Last, but not least, came Julia Brooks with her silly remarks, and Edward Anderson, known otherwise as "Sis." This year we gave another Junior-Senior Banquet. It was, indeed, a night of gayety.

We set the championship cup as our goal and determined that we must reach this mark. When the day at last came, we were, indeed, conquerors.

The next year we awoke to the realization that we were really Seniors. The dignity that we had accumulated during the first three years was not a "circumstance" compared to the air that we began to assume in the early fall. We added Olivia Goode, Elaine Goode, Martha Witty, and Lawton Kallam to our ranks. We won honors in athletics and gained the championship in Basket-Ball again.

The end of our quest had now come. Our ranks, even though about the same in number, were greatly changed by the addition of new members and the losing of old. Upon looking over the list, we found only twelve members who started out together eleven years before. These are known as the "Old Originals." Their long search has won for them distinction and we feel proud to claim them.

Our quest thus completed, we disbanded our ranks for other fields of knowledge. We took leave of the Franklin Street School, regretfully perhaps, but hopefully facing the conquests of the future.

### Class Doem

#### "VERS LIBRE"

I sing the achievements and defeats Of the Class of Twenty-two; Much have we been tossed by angry waves On the changing sea of life, By howling winds and raging billows Our bark was driven astray. Through storms and tempests on we came To claim a victor's prize. Along the fiery strife of battle array Comrades were left by the wayside, Weeping slow their life away For the victor's spoils—forbidden fruit! But we breasted every gale And weathered every storm To reach the port beyond the main, 'Tis a victory we have won. 'Twas not all a battleground, For smiles went circling 'round; The toil and the strife held a chain That made to glow with love profound. Temptation has ended, pain has passed, Free from toil and anguish now, The goal we've sought is won at last, We've anchored safe beyond the main.

Thanks to the pilots true, Who steered us safely through, Bravely cheered us in the storms, Gallantly guided us through the calms. True as the compass needle to the north, To every duty true were they, Every one ready of heart and hand To lead us over the stormy way. This, our graduation day Loomed a decisive victory, To our eyes along the way, Now a speck on the flowing tide. The horizon recedes, it disappears, The World's battle fields open wide, Armed as a plumed knight of old Forth we ride to win or lose; 'Tis the strife between good and evil That crosses our destined end or way. Can we from defeat a victory glean, That leads on at last to peace? To him who hath each day the faith And in the fight to ever stay, Who wins the garland of praise Belongs the victor's crown.

# Class Prophecy

NE warm, sunny day just before mid-term examinations, I was wandering around rather aimlessly, and, without thinking, I went into a small grove. Seeing a squirrel dart into a hollow, I thought I would sit down and watch for him to come out again. I sat down at the foot of a large oak and began my vigil. Being rather tired I went to sleep. Suddenly

I seemed to be walking along in front of the Citizens' Bank. I walked in, happened to glance at a calendar, and, to my surprise, it read January. 1932. Standing at the cashier's window was no other person than Lawrence Watt. He seemed surprised to see me, and asked how the cocoanut industry in Brazil was. We talked a good while on different subjects, and then I asked of Estes Millner. He told me that Estes held a responsible position with the American Tobacco Company. I then went in search of Estes, and found him in his private office, chewing on a cigar. He told me that he had recently looked up all the members of the Class of '22, and he shared this valuable information with me. As well as I remember it ran thus:

"Virginia Allen, Florence Burton, Bertha McCollum, and Ruby Smith are now more or less famous movie stars; Margaret Hancock has changed her name, and now has an interest in the Lomax Motor Company; Dora Walker has changed her name, but it still begins with a "W"; John McBryde is hunting big game and exploring the country in Borneo—he still reads the Western Story Magazine; Malcolm McBryde is the legal adviser for a corporation in South Carolina; James Mathewson owns a chain of "Weinie" stands in the Southern States; Ida Lou Norman is a school teacher in the rural sections; Julia Brooks is at present a kindergarten instructor in this city; Annie Harris is a matron in a girls' boarding school in the North; Guy Pettigrew and Lee Smith are selling a correspondence course in vocal training; Edward Anderson has charge of the Advice to the Lovelorn Department in the Rural Weekly: Elizabeth Cardwell is a gym instructor in a large girls' college; Linda Stacev has been teaching music in this city for a number of years; Tempie Harris is touring Europe under the auspices of the Society for the Prevention of Cruelty to Animals; Esther Way is a dancing teacher in Sadler; Lawton Kallam is now the pastor of the First Baptist Church in Ruffin: Gladys Davis still sells tickets at the Grande Theater; Mary Coleman and Pattie Brown are the proud possessors of the most select millinery shop in town; Olivia Goode is one of the best women lawyers in the State; Benton Pipkin has Mr. Parker's place as Science Teacher in the Reidsville High School; it is not necessary to say much of Rosetta Turner and Garland Gillie—it is sufficient to say that they are very happy; Catherine Gardner has recently gone to the South Seas to collect material for a scientific book she is writing; Theodore Mathewson has been elected President of Mexico; Herman Smith runs a garage at Brown Summit; Reginald Sprinkle specializes in Wildcat Oil Stock, although on one occasion he sold the Woolworth Building to a credulous countryman; Martha Witty is traveling over the country selling lightning-rods; Nellie Carroll and Florence Anderson are running a poultry farm at Berry."

As Estes finished speaking something hit me on the head and I waked to find Eddie Haygood's squirrel cutting hickory nuts over me.

The region is Prophet.

### Class Song

TUNE OF "GENEVIEVE"

We Seniors would give our very best To meet again at R. H. S.

The years seem long, the lessons hard, When on that road o'er which we trod. But now we see the easy times

When studies were mere pastimes.

And all the props in geometry

Were easy to both you and me.

#### CHORUS:

Oh! R. H. S., dear R. H. S., The days may come, the days may go. But still the hand of memory weaves The blissful days of long ago.

в. МсС.

# The Last Will and Testament of the Last Graduating Class of The Reidsville High School

We, the Senior Class of the Reidsville High School (Franklin Street), being of sound minds and our heads still being their normal sizes, do hereby make and declare this our last will and testament:

#### SECTION I.

To the Junior Class we do hereby bequeath our room teacher, Miss Janie Stacey, provided that they can get her.

#### SECTION II.

To the Junior Class we do further will and bequeath our privileges and rights to the new High School.

#### Section III.

To the Senior Class of 1923 we do hereby will the dignity and authority that we have not held.

#### SECTION IV.

To Miss Janie Stacy we hereby leave our hearty appreciation of her loyalty and deep interest in us during the past four years, and (those of the future).

#### Section V.

To Mr. J. Minor Gwynn, we return his "goat" that Estes Millner has kept for the past two years, provided he maintains "Pip's" style.

#### Section VI.

To Mr. Watson Lambeth we hereby bequeath Benton Pipkin's History Notebook, provided he can read it without a "Translator."

#### SECTION VII.

To Miss Kathryn Moyer, we will our interests in Burke's works.

#### SECTION VIII.

To Mr. I. F. Parker, we do hereby will and bequeath our Scientific Knowledge.

#### SECTION IX.

To the under-mentioned deserving persons, we hereby will the following, "in token of our esteem":

To Helen Benson and Heston Mitchell, the position of "Color Bearers," formerly held by Virginia Allen and Esther Way.

To Estelle Sands, Florence Burton's "Irascibility."

To Berrie Williams, Ruby Smith's "Nerve."

To Glenn Smith, Benton Pipkin's "Beard Remover," as we think he can use it to the best advantage.

To any member of the Junior Class, Bertha McCollum's "Particular Privileges."

To Ernest Link, Julia Brooks' Vanity Case.

To Billie Carter, Benton Pipkin's "Musical Talents."

To Wallace Clark, James Mathewson's "Bluff."

To Dillard Gardner, the budding sage, the request that upon him be conferred the honorary degree B. D.

To Leo Pritchett, the rank of Field Marshal in the S. A. R., formerly held by Lawton Kallam.

To Archie Shreve, Elizabeth Cardwell's height.

#### SECTION X.

To the Freshman Class of 1925, we do charge that they wrest from the Faculty all the said rights and privileges that the said Faculty have wrested from us.

We, the undersigned, do hereby solemnly declare and publish this our last will and testament, this 28th day of May in the year 1922.

(Signed)

### Coast to the Seniors

For eleven short years have you worked together,
And you've stuck through the thick and the thin.
Not even the flu could knock you out,
And you came through it all with a grin.

Many good lads have dropped from your ranks.

And others have taken their places.

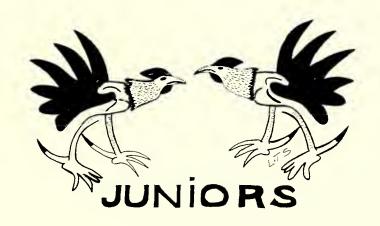

But the work of the Class went on just the same.

And the pupils had smiles on their faces.

The poorest of equipment was placed there for you,
But it made you fight all the harder,
And the records in work and the records in play
All show that no one's a plodder.

And now comes your end at the R. H. S.
May you all continue the fight,
May you go on playing a square game in life,
And you'll be a success, all right.

# High School Voyage-Continued

AN EXPLORATION OF JUNIOR ISLAND

UR past experiences having made us eager to undertake our third voyage, we set out for the search of Junior Island.

It was here that Captain Bryan, pilot of our second cruise, deserted us. So we started the exploration of this island under Captain Denny. Our first day was very fruitful in that we found better progress could be made by joining the

crews in one vessel.

After sailing about two knots Denny found that she could not find a suitable berth and took a passing vessel homeward. Although captainless, we were not discouraged. With the exception of some few battles with such sea monsters as Physics and others belonging to the Math family, we kept good speed. We got so noisy at times that passing vessels would stop and try to calm the storm. A brief stay on this Noisy shore proved altogether fortunate, for here we took on board, as future captain, Watson Lambeth, who took great interest in helping us overcome our future obstacles.

On November 11th our crew was awarded a pennant for coming out "Champions" in the baseball series played during our Ninth Grade Voyage. It can now be seen flying from our topmast in colors, Blue and White.

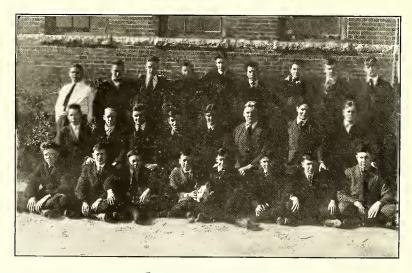

Great was our surprise, when we assembled on deck one morning, to find that our captain had arranged our watches alphabetically. This caused much disturbance, but with willing hearts and helping hands we soon felt at home again. Our sailing since then has been on pleasant seas. Scarcely a ripple has broken the smoothness of our voyage.

We are launching forward now toward the distant horizon which marks the end of our third year of sailing, but brings us into the beginning of our last great venture into the unknown seas of the Senior Year. We are steadily plowing the deep with sails full, enjoying the scenes around us, but looking forward with eager hearts to the adventures which lie ahead in the last year of our great voyage.

### The Song of the Sophomores

Tune: "Tramp, Tramp, Tramp"

In the Ninth Grade now we stand,
We're a happy, jolly bunch,
And we've gained some meager knowledge on the way.
Oh, our spirit, it is great,
We possess the pep and punch,
For we know both how to work and how to play.

#### CHORUS:

Hep, hep, hep, our grade is marching,
On to graduate we go;
We can work as well as grin,
So our crowd is bound to win,
Our boat we're quickly learning how to row.

In our studies we excel;
And in athletics, too,
Since our Quintet is a winning team this year;
We're the best grade in the school—
That's a statement very true,
And we'll prove it to you all, so never fear.

D. G.

# A History of the Sophomore Class

FTER many years of patient, diligent effort and firm determination, we climbed up from the Valley of Ignorance and found ourselves standing at the threshold of Knowledge. It was here we paused, turned our eyes downward, and remembered how we used to view a High School Student with wonder and admiration. We also noted the obstacles we had

overcome—how small, how insignificant they seem now! We then stood at the bottom of the mountain with deep caverns and steep cliffs confronting us. But determined, we pressed on, and now they lie behind us.

To-day we stand facing an ever-shifting ideal. Our journey half completed, we pause again to view the past and gaze into the future.

Last year the boys gave a number of substitutes to both the Baseball and Basket-Ball teams, as well as two regulars to each. The girls gave four members to the Varsity Squad, a debater to the Triangular Debate, and a critic to the Literary Society.

Last, but not least, a number of us averaged a "One" for the year's work. Is not that a brilliant record for a Freshman Class?

This year we have done better still. Besides having two on the Basket-Ball Team (one is Captain), our Class Team took away every game it played and won the cup without a post-season series. The girls have three members on the Varsity Quint and a Secretary-Treasurer of the Literary Society. Our prospects are bright, indeed.

Are we not improving?

We feel as if we had reached the zenith of our careers, but looking upward see the summit of Life's mountain enveloped in a haze. Inspired by ambition, we march on, allowing no barriers to block our way, until that day when, as Seniors, we near Commencement, the real beginning.

Then the clouds will fade before the rising sun of success, and we will be prepared for the battle of life.

### To the Team

I.

Who is going to beat this day? Reidsville, Reidsville, they will say; Beat them here, beat them there; Beat 'em! Beat 'em! Everywhere!

II.

Who will win the basket-ball game? What a question! What a shame! There's but one outcome to the game, And that is—Reidsville's gain.

III.

There's our Captain and Center, Miller, At shooting goals he's a regular killer; While the forwards, Chance and Watt, And the guards help out a lot.

IV.

But Delancey holds them all Until Gladstone can get the ball, They throw it to Chance or Watt, And, Swish! It's in the pot.

V.

There's one more thing that helps them win, And that's the coaching of Minor Gwynn; In everything he helps them out, And carries them through without a doubt.

E. M.

# To Our Coaches

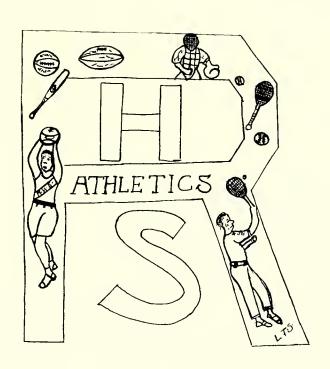

HE coöperation and faithful coaching of Mr. Minor Gwynn and Miss Janie Stacy have enabled the two teams to compete creditably for championships. It is to them that we owe our success, of which R. H. S. is justly proud. They have assisted in the organization and business affairs and have given their time most generously. No activity was undertaken with

more interest than that of directing the teams. Hence we account for our splendid success.

We can not fully express our appreciation for your faithful and conscientious assistance, but we wish you to accept these words of sincere gratitude as voiced by the whole student body.

### The Season

The basket-ball work has been more beneficial to the girls this year than ever before. Playing out of doors whenever the weather permitted and keeping fairly strict training rules have added much to their endurance. A much larger number of girls has taken an interest in the practice, and about eighteen have been faithful squad members.

The team selected from the eighteen is made up of four Seniors and one Junior. Three of these, Florence Burton and Elizabeth Cardwell (forwards), and Linda Stacy (guard), are wearing a letter and three stars, having been regulars during all four of their high school years. Ruby Smith (guard) and Nellie Bullard (center) both won their letters last year. As substitutes, Anice Trent (forward), Ruby Bullard (guard), and Margaret Newnam (center) have done much good work.

Though she has not let an opportunity go by, the Manager, Elizabeth Cardwell, has not been able to schedule a large number of games.

MISS JANIE STACYCoach

When the call was first issued for candidates for basket-ball practice, almost the whole Athletic Association responded. While splendid sportsmanship and excitement over the series ran hand in hand, scarcely a single game in the class series was very close. A beautiful loving cup was given by Miss Stacy, Miss Moyer, and Mr. Gwynn to the Seniors, the successful contenders in the Class Tournament. Much good work was done towards the development of a Varsity Quint.

# Varsity Season, 1921-22

Despite the necessity of practicing almost entirely on an outdoor court the Varsity Quint representing the old Black and Gold built up a reputation this year that will make the teams following it hustle to surpass.

Beginning on the small end of a schedule that would make most prep schools in the State tremble a little to contemplate, they continued throughout to exhibit the spirit that had already made them respected throughout this section of the State. The schedule was the stiffest ever undertaken—including games with Danville, Leaksville, Greensboro, High Point, and Chapel Hill High Schools, and with Oak Ridge, Elon Y. C. C., and the Spray "Y" team.

With nine wins and four losses out of a total of thirteen games the squad redeemed its last year's record of only three wins out of twelve starts. R. H. S. piled up 543 points to their opponents' 313. Chance, Watt, and Sprinkle were the regulars at forward: Miller, Captain, and Daniel at center, while Gladstone, Delancey and Pettigrew held down the defensive end. The faithful scrubs should not be forgotten, however, for to them goes much of the credit for a successful season. Millner, Link, Brande, Nance, Mace, and Teachey were always there (not to mention James Mathewson), exemplifying the spirit of coöperation that makes possible a great team, "all for one, and one for all."

Annual Class Basket-Ball Series

The Annual Class Series in Basket-Ball began on October 18, 1921. Each class put out a good five in the fight for the championship. An even greater interest was shown than last season, a fact that counted much later in the wonderful development of the Varsity Team. There were forty-two men in all out for the four teams. The trophy is a silver loving-cup which goes each year to the winning quint, same to be permanently kept by any team that wins it three years in succession.

The first half of the series was won by the Sophomores, with the Juniors a close second. The Sophomores also captured the second half of the series, thus taking off the cup without a post-season game having to be played. All of the games were hard fought, with the Juniors giving the hardest fight in the finals.

The greatest good of the class series is the fact that it gives practically every boy in school a chance to develop himself physically. The number that has taken part in these contests has increased yearly.

#### The Season's Record

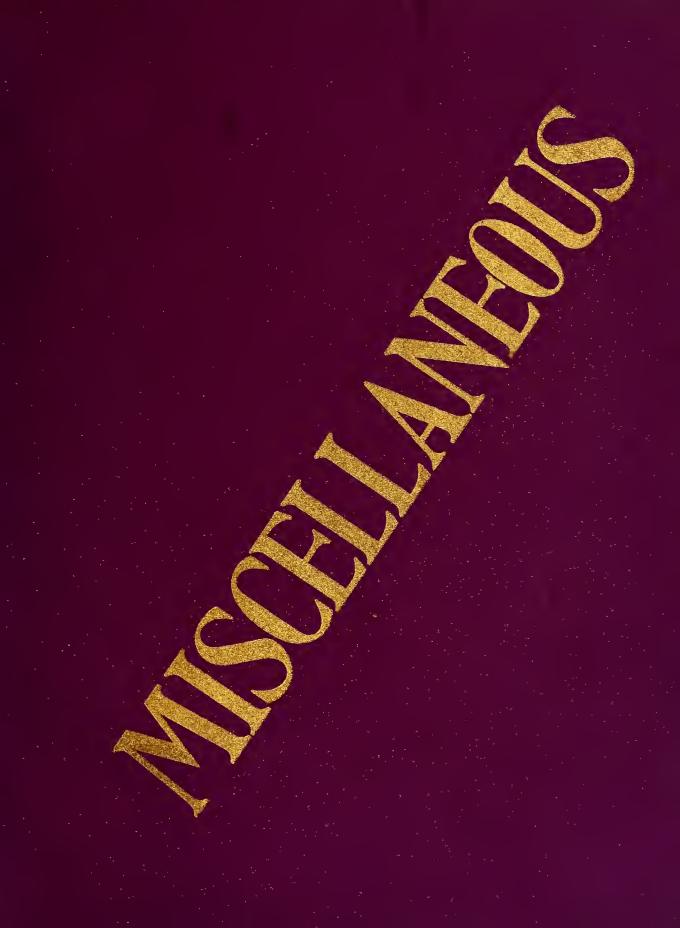

Reidsville had a very abbreviated season during 1921, due to bad weather and conflict of many dates. Four games out of nine were won, which was not a poor showing. The local nine was defeated in the State Championship Series by their old rivals, Leaksville. However, much good material was developed for 1922 and a very successful year is expected. The same spirit that has prevailed in sports throughout Reidsville High was exhibited in baseball and will probably be what will put the team in the championship running next year.

## Social Events 1921-22

#### SOPHOMORE PARTY

On the Friday evening of Hallowe'en the Sophomore girls entertained the Sophomore boys at a Hallowe'en party, the occasion being the winning of the first half of the Class Championship Trophy Cup Series in Basket-Ball by the Sophomore boys. Three cheers for the Soph boys!

In dimly lighted corridors the guests were received by ghostly figures and ushered into the main hall. Here bats, owls and jack-o'-lanterns combined to give genuine Hallowe'en thrills.

Ghost stories and fortune-telling were the main attractions of the evening. Music and dancing were enjoyed by a few guests. At the conclusion of the festivities refreshments, consisting of fruits, candy and nuts, were served to the guests.

#### CHRISTMAS EXERCISES

In view of the approaching Christmas season, the High School thought it appropriate to have a Christmas program. On Wednesday afternoon each grade assembled in its own room, sang Christmas anthems, and enjoyed Christmas stories. The programs were not elaborate, but were entered into with the real Christmas spirit, making it very beautiful.

#### FACULTY ENTERTAINED AT STEW

On a lovely October evening, Miss Tempie Harris entertained the members of the High School Faculty at a most delightful Brunswick Stew. Several tables were attractively arranged on the spacious lawn of Miss Harris's country home, and there the delicious stew was enjoyed by the light of the moon.

#### BARBER-POOLE WEDDING

A wedding of unusual interest to the High School was that of Miss Audrey Barber and Mr. Herbert G. Poole on December 28th. The bride was a member of the Faculty and deservedly popular; the groom, a cashier of the

Bank of Moore, Carthage, N. C., in which place they will make their home. While wishing Mrs. Poole much happiness, the School sincerely misses her.

#### SLEIGHING

The jolly Seniors of the Annual Staff, feeling the call of the snow-clad outdoors, clad themselves in heavy coats, seized several toboggans, and took possession of the "Post-Office Hill" in one fell swoop, landing at the bottom in one swell heap.

Later one of the honorable Staff members unobtrusively borrowed his father's car, attached the sleds to same, and all dashed madly up Main Street.

The snow was deep and frozen hard, so coasting was indeed glorious sport. Every one had a great time, in spite of the occasional tumbles.

#### ANNUAL JUNIOR-SENIOR BANQUET

On Thursday evening, February 16th, the Juniors of the Reidsville High School entertained the Seniors at a most elaborate banquet, given at the C. & A. Hall. This annual event had been anticipated by all with the greatest pleasure.

The Senior colors, Purple and Gold, were in evidence throughout the decorations. Long streamers of purple and gold crepe paper were extended from a centerpiece of blossoming plants to the ends of the long banquet tables. Each was beautifully and artistically arranged.

Music and dancing were enjoyed throughout the evening by some, while others took part in specially prepared contests involving skill and excitement. During the evening a delicious course dinner, consisting of the following, was served:

Grapefruit cocktail, followed by chicken, cream potatoes, green peas, cranberry sauce, hot chocolate and whipped cream; purple and gold block ice cream and cake concluded the menu. Dainty little purple and gold crepe paper baskets of mints and nuts were given to each guest as a favor of the evening's entertainment.

# Basket-Ball Coach Entertains Team

On Friday evening, March 9th, Mr. Minor Gwynn entertained the Boys' Varsity Squad with a course dinner at the home of Miss Janie Stacy. The High School colors, Black and Gold, were carried out in the decorations, quantities of jonquils forming the center of tables. Handpainted place cards, on which were miniature basket-balls with season's score written beneath, marked each guest's place.

A four-course dinner was served by the members of the Girls' Varsity Team.

At the conclusion of this delightful dinner, several basket-ball contests were indulged in, after which a business meeting was held to settle up the season's business.

### Faculty Entertains Seniors

On Friday evening, March 17th, the teachers of the Grammar and Primary School entertained the Seniors and High School Faculty at a Saint Patrick's Day party.

Upon their arrival they were taken back to their primary days by a delightful little examination given in the form of a Saint Patrick's Day contest, after which various childhood games were played. At recess the guests were served a delicious lunch on long tables beautifully decorated in blooming flowers and shamrocks. Attractive little place cards marked the place of each guest. Dainty green crepe paper caps were given as reminders of the evening's entertainment.

### Freshmen Initiated Into I. L. Society

On Thursday evening, April 6th, the Freshmen were initiated into the Irving Literary Society. After the vows were taken the Society was turned into a social hour.

Teacher: "What do we mean when we say, 'Every cloud has a silver lining'?"

Herman: "It means that no matter how bad anything appears there's a bright side to it if we look for it."

Teacher: "Give me an example."

Herman: "When a boy is so sick he can't go to school."

Guy: "I always take pains with my work." Jim: "Shake. It gives me one, too."

Reg: "Every minute with you is like a thousand years. Will you marry me?"

Julia: "Yes, in a minute!"

"Is 'pants' singular or plural?"

"If a man wears 'em it's plural."

"Well, if he doesn't?"

"It's singular."

Annie: "Does Miss Janie always practice what she preaches?" Bert: "Yes, and poor Linda has to attend all the rehearsals." Voice over phone: "I can't sleep, Doctor; can you do anything for me?" Doctor: "Hold the wire and I'll sing you a lullaby."

Miss Stacy: "How far have you studied, Reginald?" Reginald: "Just as far as the book is dirty, ma'am."

Lee says: "Love is like a photographic plate—it takes a dark room to develop it."

A pretty girl, a gay young widow, and an old maid all lived in the same house and were each to have "dates" one night. So they planned that the next morning at breakfast, each of them would say "morning" as many times as they had been kissed that night.

The next morning, the pretty girl came down and said: "Good morning, this morning is a pretty morning, isn't it?"

The gay young widow came down and said: "Good morning; it's a pretty morning this morning, isn't it? If to-morrow morning is as pretty a morning as this morning, it will be a lovely morning to-morrow morning, won't it?"

Finally the old maid came down and grumbled, "Damn it, Howdy!"

#### STARTLING, "IF" TRUE

You can always tell a green instructor because he thinks he's hired to give low grades instead of information.

Bertha: "You talk like an idiot."

Malcolm: "I have to talk so you can understand me."

L. Watt (holding class meeting): "ORDER!" G. Pettigrew (waking up): "Bowl of soup."

Mr. Parker: "QUIET! Eddy, what are you working on?"

Eddy: "Nothing at all, sir."

Mr. Parker: "Well, put it away."

Mr. Parker: "People who drink too much coffee get what is called a coffee-heart, and people who use too much tobacco get a tobacco-heart."

Annie: "Mr. Parker, if I eat a lot of sweets will I get a sweetheart?"

SOPHS BREAK RECORD—When they let it fall from phonograph.

To Prove—A piece of writing paper=a lazy dog.

A piece of writing paper=an ink-lined plane.

An inclined plane=a slope-up.

A slow pup=a lazy dog.

Q. E. D.

Mister Jones, a silk merchant, went to the bank one day and mortgaged his silk business to pay for a large shipment of silks.

One day the bank president called Jones to his office and told him the bank needed the money and must foreclose on the mortgaged business. Jones at once flew into a rage and demanded impertinently, "Have you ever been in the silk business?"

"Why, no," answered the bank president.

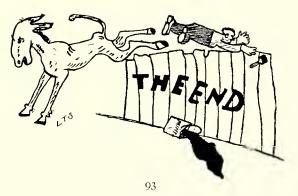

"Well, you are in it now," yelled Jones, as he slammed the door behind him.

General Pershing was going to pass through Hicksville on his Southern tour. The leading citizen called upon the Mayor of the town and told him that he would have to make a speech from the rear end of the General's train, and uphold the oratorical traditions of the town. The Mayor replied that he had never made a public speech in his life, and would not know what to say.

"That will be all right," replied the leading citizen, "I will write a speech on a piece of paper, and pin it on the inside of your coat so you can look down and read it but still look as if you were speaking extemporaneously."

The Mayor did as directed and the speech had progressed wonderfully, and the Mayor had decided to close with a burst of eloquence. "The war developed three great generals," he said—"Hart, Schaffner, and Marx."

He had opened the wrong side of his coat, and read the name of his tailors.
